

# SP-32 ST-S-E

Semi-Automatic Side and Edge Sealer  
Combo

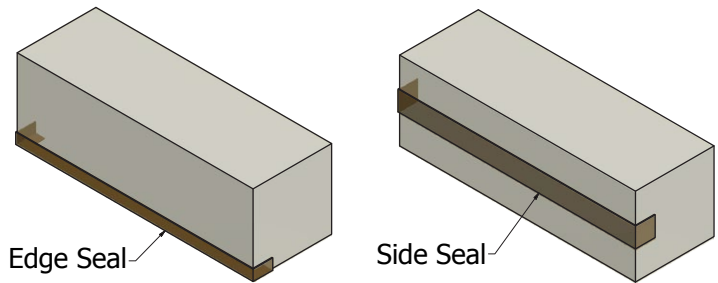

The SP-32 ST-S-E is compact machine designed to seal the edge of a corrugated box with tape. The machine can also seal the side of a box. It will work with a variety of cartons such as RSC, FOL (full overlap carton), and POL (partial overlap carton). Exclusive features of the machine are interlocked safety guarding, welded frame with adjustable legs, and open face, custom built Sam Packaging tape head.

# SP-32 ST-S-E
